

# The Reception

[5/24/2024, 8:12:12 PM] Thyra Auvray

{Game Time: Oct 26, 2023 00:04}

After the ceremony the group would be led into the dining hall, the candles lighting filling the room with a warm glow. The smell of cooking food filling the room, the mouth watering meats seeming to dominate the room. The tables were set with the nicest of tableware, each placing embroidered with golden and purple colors. Servants moved about the room making sure that everything was perfect. At the back of the room a long table sat lifted slightly above the others, the banners of House Kimura and House Raine sat on each side. The seating clearly for the couple and their family. Servants lead the wedded couple to their chairs, helping Lady Kimura with her gown as she moves about the room. Each table had place cards for those that attended, a golden dragon wrapped around a purple rose pushed into the cards. As people took their seats, drinks were the first to be brought out, allowing the group to speak before the meal would appear.

[5/24/2024, 8:12:23 PM] Nahele My'runji

{Game Time: Oct 26, 2023 00:04}

would enter the reception wearing the same striking white ensemble, centered around an open-front, long cloak. Scattered across the cloak are off-white depictions of birds that seamlessly blend into the light, flowing fabric, moving gracefully with his every step. Underneath, his attire continues in white, comprising a white undertunic and overtunic. A white leather belt cinches his waist, adorned with an avian motif that extends to an off-white buckle shaped like a bird, crafted from burnished silver. Beneath the belt, a broad off-white sash adds to the layered elegance of his outfit. He completes his look with loose-fitting trousers and white leather boots, ensuring both comfort and style. His dark skin stands out prominently against the white that covers his body, amplifying the striking appearance of the antlers extending from his forehead. These antlers curve gracefully along his head from front to back. His short, tightly woven afro-centric curls remain largely unchanged for this event, though he has adorned his cheekbones with flecks of silver-like paint, which complement his bronze-colored eyes beautifully. He would find a seat and would promptly sit.

-----  
[5/24/2024, 8:14:41 PM] Thyra Auvray

{Game Time: Oct 26, 2023 00:04}

Thyra Auvray followed behind Nahele towards her seat. Still wearing her armor, her sword strapped to her waist. Her gaze looking over the room for a moment before she stood at her chair. Waiting for Lady Kimura and Lord Raine to take their seats first.

-----  
[5/24/2024, 8:16:49 PM] Almark Raine

{Game Time: Oct 26, 2023 00:04}

Almark Raine is ushered on, alongside Sersei, eventually offering a nod off appreciation to Adalbert, Sergio and Khalil. Placing a hand on the backrest of Sersei's chair, he slides it out

himself, rather than having a servant do so. Were Sersei to take her seat, Almark would settle into his own, beside her."Be wary, Sersei. Celebrations involving the Raine Guard almost always end with swords and alcohol," He mildly jests.

-----  
[5/24/2024, 8:17:15 PM] Khalil Valure

{Game Time: Oct 26, 2023 00:04}

Khalil Valure made his way to his assigned seat. Stilled dressed in his green suit from the ceremony, he stood casually by his seat waiting for the others before sitting.

-----  
[5/24/2024, 8:20:34 PM] Ezlain

{Game Time: Oct 26, 2023 00:04}

Ezlain made his way into the hall still wearing his tight fitting blue suite with a small bowtie around the collar. Upon seeing Nahele he approached warmly, though his attention somewhat became divided as he noticed Thalia across the room. He takes his seat, glancing toward Nahele again in greeting. "Hi there, enjoying... the wedding?" He says awkwardly.

-----  
[5/24/2024, 8:21:39 PM] Riji Calderon

{Game Time: Oct 26, 2023 00:04}

The wedding ceremony of the decade, that was what was on his mind as he humbly entered the reception hall in his red cloak, but adorned in his familial armor. A symbol of strength he wanted to show to the union of two powerful Houses he now served. House Kimura, who he sought after to join his blood tie of House Thorne, but the rise of House Raine in this union now meant that by honor and oath, they too would now be his betters. The Duke was a noble man who had given wise counsel and calm guidance in the months since House Calderon's arrival to the Unaffiliated Lands. Now more than ever, he had to make a good impression for his families sake, as the rest still made way to join him, or kept to their own family affairs. He made his way to his seat, awaiting a perfect moment. He looked around the gathering, noting that a specific individual was not present. The fact alone was a gut punch, but nothing he could not endure. How long had they courted? Not long in the grand scheme, but her absence was felt none the less. Perhaps it was his fault, but he'd never know. No letter, no signal, just an empty chair somewhere in the hall. That feeling would need to be suppressed, he had a duty to uphold, and a mission far beyond his personal feelings.

-----  
[5/24/2024, 8:22:12 PM] Sersei Kimura

{Game Time: Oct 26, 2023 00:04}

As Sersei entered alongside Almark, the guests couldn't help but notice her transformation into something more comfortable. Gone was her long wedding gown, replaced by a dark green dress adorned with delicate gold leaf imprints that scattered across the fabric, adding a subtle glimmer and glow. Though simpler and lighter than her wedding gown, the dress remained elegantly formal. Taking her seat, Sersei glanced briefly at Almark and snickered. "I'm sure everyone will behave themselves," she remarked lightly. She then turned to her brother, who had joined her, and smiled at Khalil. "You both look wonderful today."

-----  
[5/24/2024, 8:24:50 PM] Nahele My'runji

{Game Time: Oct 26, 2023 00:04}

"The wedding is just fine," Nahele remarked, turning to his left as his copper eyes took in the features of the Archivist. "There is a lot that seems to go into these affairs. I wonder how many resources are spent on such events that could be better used elsewhere, but... that, I suppose, is neither here nor there." He spoke in a whispered tone, careful to respect the atmosphere of the reception as a whole.

-----  
[5/24/2024, 8:25:10 PM] Adalbert

{Game Time: Oct 26, 2023 00:04}

Adalbert joined his father and the rest of the wedding party after a moment. He lets his gaze wander for a moment before taking a seat near his father. He half listened to the conversation taking place next to him, more focused on spotting a certain face among the gathered guests.

-----  
[5/24/2024, 8:25:55 PM] Sergio Kimura

{Game Time: Oct 26, 2023 00:04}

Sergio trailed behind his sister and Almark, having spent several minutes lingering by the doorway beforehand. Once they settled, he joined them, taking a seat between his siblings and giving Khalil a friendly pat on the shoulder. "We should do something after this, maybe head down to Kimalune like old times," he suggested, shooting a devious grin towards Khalil, hinting at their shared hobby. When his sister spoke, Sergio shook his head and grinned. "No, you do, sister. We're just the decorations."

-----  
[5/24/2024, 8:27:17 PM] Khalil Valure

{Game Time: Oct 26, 2023 00:04}

"As do you, dear sister." He offered back to Sersei with a warm smile. With a nod towards Sergio, he offered. "Wouldn't miss it."

-----  
[5/24/2024, 8:27:44 PM] Ser Bainwyn Aris

{Game Time: Oct 26, 2023 00:04}

Ser Bainwyn Aris is also in attendance, though clearly not as an active participant in the revelry. Instead, he remains at the western wall, dressed in the armor marking him as the Commander of the Raine Guard. Every bit of six foot, four inches tall, Ser Bainwyn is a large Kaelar who seems to strike a balance between gentle and grimly devoted to his duty. As Riji Calderon enters and elects his position near Bainwyn, the Knight of Castor gives a subtle nod of his head in greeting. He remains silent, however, seemingly well-trained enough to not distract a potentially significant actor on the political stage.

-----  
[5/24/2024, 8:28:44 PM] Thyra Auvray

{Game Time: Oct 26, 2023 00:04}

Thyra Auvray gaze shifted as she watched as he made his way to his seat. Giving Adalbert a bow of her head before tearing her gaze away. Still yet to take a seat as everyone made themselves comfortable.

-----  
[5/24/2024, 8:29:31 PM] Thalia

{Game Time: Oct 26, 2023 00:04}

Thalia arrived last, slipping in with no fanfare. She wore a handmade soft violet dress, her platinum blonde hair swept back gracefully. Without acknowledging the familiar lord or anyone else, she took a seat beside Riji, her gaze immediately drawn to the main table where the newlyweds sat. However, her eyes weren't on the couple. Instead, they seemed to lock onto Sergio, almost like a heat-seeking sensor.

-----  
[5/24/2024, 8:30:44 PM] Almark Raine

{Game Time: Oct 26, 2023 00:04}

Almark Raine chuckles at Sersei's response, shaking his head just slightly. "You put far too much faith in any gathering attended by both Adalbert and Thyra." Speaking of, he does not seem too keen on the subtle nature of Adalbert's room-scanning. "She is over there, Adalbert," He says, even lifting a hand and gesturing straight in Thyra's direction.

-----  
[5/24/2024, 8:31:30 PM] Riji Calderon

{Game Time: Oct 26, 2023 00:04}

Riji gazed over to Ser Bainwyn Aris, not knowing the man personally, but by reputation and his place as head of the Raine Guard. He bowed his head, and then watched as Thalia arrived behind him. "Good day Thalia. I hope the day is treating you well on the most joyous of occasions." He looks around at the gathering further, but then to the head table at the joined families. "The gods smile on the realm."

-----  
[5/24/2024, 8:31:58 PM] Ser Bainwyn Aris

{Game Time: Oct 26, 2023 00:04}

"... That is the chapel-burning elf." Yes, Bainwyn is looking at Thalia.

-----  
[5/24/2024, 8:32:06 PM] Ezlain

{Game Time: Oct 26, 2023 00:04}

Upon conversing with Nahele, his shoulders relaxed a little. Ezlain made sure to also consider Maxwell's advice. "I am inclined to agree provost, though while the Py'rai have their traditions, as do us Aelans. A wedding is much like a show of one's commitment to spending our short lives with the person they love. It's a very romantic sentiment I believe, though one I've never considered engaging in myself." Ezlain also peers over to Thyra, giving her a friendly wave from the other side of Nahele

-----  
[5/24/2024, 8:33:17 PM] Thyra Auvray

{Game Time: Oct 26, 2023 00:04}

Thyra Auvray lifts a brow as Ezlain waves, giving him a bow of her head. Though worried if Ezlain had taken one to many blows to the head to gain a stutter.

-----  
[5/24/2024, 8:34:41 PM] Nahele My'runji

{Game Time: Oct 26, 2023 00:04}

"The reason isn't lost on me, but it is expensive nonetheless. It fits with the theme that seems to arise when I comment on matters like this—about time being a factor in some regards to the

actions your kin take, even though that never occurs to me at first. Not at first, at least," Nahele said, his voice barely above a whisper, as if he was drifting into thought.

-----  
[5/24/2024, 8:35:43 PM] Adalbert

{Game Time: Oct 26, 2023 00:04}

Adalbert looks in the direction his father points, but only after giving him side eye. "I appreciate the assistance, shall I return the favor at a later date?" He nods to Thyra, and forgoes any further observations.

-----  
[5/24/2024, 8:39:38 PM] Ezlain

{Game Time: Oct 26, 2023 00:04}

"I suppose such an assertion does stem from my own perspective, people often have these engagements for other reasons, often more personal than that. I guess that is why it is also easy for events like this to go awry." Ezlain turned from Nahele for a moment, glancing at Thalia once more to see her attention elsewhere. Following her gaze, it was clear the woman had eyes for another man. While Ezlain knew not of the true reasons, a part of him fluttered unexpectedly. ("Odd") he thought.

-----  
[5/24/2024, 8:40:30 PM] Sersei Kimura

{Game Time: Oct 26, 2023 00:04}

Sersei rose from her seat, pausing to let the guests acknowledge her before she spoke. "Thank you, friends and family, for sharing this day with us. This new chapter for our families is one I couldn't have imagined just a year ago. A life that promises so much for all of us, both Raine and Kimura together." She looked at her husband, an endearing smile gracing her features, before glancing at her brothers and then at the guests seated before them. "Together, we will grow and prosper, for House Kimura, Raine, Kymeria, and Castor!" With that, she lifted her glass from the table, raising it high.

-----  
[5/24/2024, 8:44:43 PM] Ser Bainwyn Aris

{Game Time: Oct 26, 2023 00:04}

Ser Bainwyn Aris turns his attention to the main doors, upon hearing the heavy impacts. "TO ARMS!" Bainwyn shouts, drawing his heavy two-handed sword and immediately moving away from the wall. Before he can get to the center of the room to defend the Duke and Duchess, he's engaged by an enemy soldier. Their blades meet at bone-breaking velocity.

nowhere to be seen. Thalia then turned her gaze to the door where the instigators had entered. She began to move backward towards the main table, her eyes never leaving the threat at the front.

He wanted to show his quality as a gentleman, and a noble warrior. However, everything would come crumbling down as the enemy defiled the peace of the reception. He rose from his seat as Ser Bainwyn shouted, grabbing his chair and slamming it into the head of the closest enemy soldier killing him with the bash. He jumps across the table pulling his cloak aside and unsheathing his sword. Hearing Thyra's command, he was already ahead of himself coming between Almark and an attacker blocking for the Duke. Still, one hand collects a knife from the table and slides it up into his sleeve. As all his and Sersei's loyal followers are engaged in battle, Almark is fighting a battle of his own. Grabbing the knife from where Sersei was sitting, he suddenly grasps the side of her dress and stuffs the knife into the bust, where it would be concealed. Unfortunately, Almark couldn't take the time to defend himself from another one of these damnable arrows. Just when he realized the danger was present, the Calderon Lord deflected the projectile away! Almark's gaze cuts to Riji, and he seems to make a note of that. "Lord Calderon. Ser Bainwyn. Adalbert.
